# The Secret Of Success

1. Without wasting your time, in the first line, I will come to the point about how you can earn millions and even up to billions with these 3 proven techniques from successful businessman and rest of important points are described below. I , myself got success using these techniques, and today I am a successful businessman not reached up to billions but yes up to millions and billions on process and you can do it too and I decided to make other people successful too by writing this book and sharing my views and all you need is computer, internet and bank account in your country.

Note: You are only responsible to make millions and billions which depends on your idea, hard work, luck, and how you deal with employees since they are professional people in their field. These project will take time (months to year) but you will earn huge amount of money. Eg: Angry birds sold over 1 billion copies, Bhagavat Gita sold more than billion copies and Harry Potter sold up to 800 million copies. Gurubaksh Chahal earns 300 million USD from same techniques and ideas. First two techniques are free to execute but last one need some money.

1. Never think that you need money to do business, but yes you need a great idea and if you show plan and way of profit to investors or people they will invest on you. Send your ideas online to all the investors you get on internet and if they like your idea they will contact you so look for awesome ideas first and then proper execution. eg: Dream 11 idea in India is valued for 8 billion Indian rupees etc. This is one of road to success of your business. Type in Google: list of investors in (your country name).Also send your ideas to venture capitalist, they invest more in your ideas than investors, millions to billions in your ideas if they find it good. Type in Google: list of venture capitalist in (your country name).Open sites of investors and venture capitalists and fill the form and email them your ideas. Congratulations! In advance.

## The Secret Of Success

There are 8.1 billion people in world and yes 8.1 billion can be millionaire and even billionaire and be success in business and life if have awesome ideas and proper execution.
